

Register in the **driving licence app** with your passport or ID card

Digital driving licence for international citizens

International citizens holding a Danish driving licence can now register in the driving licence app without holding a Danish passport.

Access to the driving licence app

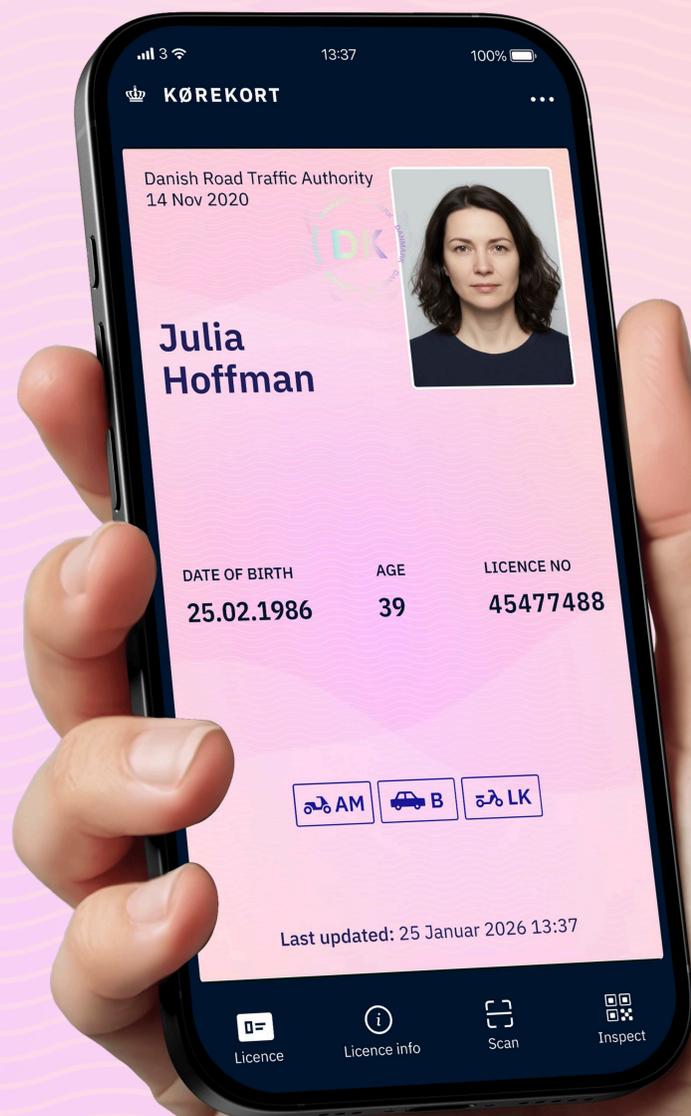

Citizens with a Danish driving licence can register in the driving licence app with MitID and one of the following ID documents:

- Passport
- ID card
- Danish residence card

Some passports and ID cards are not accepted for security reasons.
